

TrackSense® Frigo UX Sky

Efficient Freezer Qualification

Live data. Total visibility. **Complete control.**

Stay in control with live data.
React instantly, prevent failures,
and complete freezer studies
on time — the first time.

**Work Smarter,
React Faster.**

TrackSense® Frigo UX Sky

Efficient Freezer Qualification

Live data. Total visibility. **Complete control.**

Uninterrupted Insights

Track your processes in real time: Over 1,500 hours of live data at a 10-second sampling rate, even in extreme cold.

Data You Can Trust

Never lose a reading: Automatic storage and backfill ensure a complete, accurate dataset every time.

Fast, Flexible Calibration

Calibrate sensors on-site with a dry block for minimal downtime and rapid redeployment.

Signal Strength That Delivers

Reach further with a robust RF signal up to 200 m in open field conditions.

One System, Every Condition

Cover a wide range of temperatures, from $-90\text{ }^{\circ}\text{C}$ to $+140\text{ }^{\circ}\text{C}$, without switching equipment.
