New!!! Ellab TVP RH/T Pro Sensor

From: Jason Daoust

May 2026

We are pleased to announce the launch of the new **Ellab TVP RH/T Pro Smart Probe** and its accompanying accessories.

This sensor expands Ellab's TVP portfolio by filling an important gap in our humidity and temperature monitoring capabilities. It is well suited for a wide range of controlled-environment applications, including incubators and stability chambers.

The Ellab TVP RH/T Pro product lineup:

- Ellab TVP RH/T Pro Probe
- Ellab TVP RH/T Pro Smart Connector
- Ellab TVP RH/T Pro Extension Cable (Optional)

Key Highlights

- ✓ Exceptional accuracy and dependable performance
- ✓ Optimized for monitoring incubators and stability chambers
- ✓ Multiple extension cable lengths available
